¹The General Partners' or UTIMCO's assessment of the current value of remaining investments as of December 31, 2002 adjusted for subsequent cash flows through February 28, 2003.

²IRR, or Internal Rate of Return is an annual return on a partnership investment calculated by a complex mathematical formula which considers the timing and size of irregular flows of capital invested and returned to UTIMCO and the General Partner's or UTIMCO's assessment of the value of the remaining investments. Returns for periods of less than one year are not annualized. IRR's based on capital invested and returned to UTIMCO through February 28, 2003 and the General Partners' or UTIMCO's assessment of the current value of remaining investments as of December 31, 2002.

³The investment period for this fund has not yet commenced.

WARNING: Due to a number of factors, including most importantly a lack of valuation standards in the private equity industry, differences in the pace of investments across partnerships and the understatement of returns in the early years of a partnership life, the IRR information in this report DOES NOT accurately reflect the current or expected future returns of the partnerships. The IRRs SHOULD NOT be used to assess the investment success of a partnership or to compare returns across partnerships. The IRRs in the report were calculated by UTIMCO and HAVE NOT been approved by the individual general partners of the partnerships.

¹The General Partners' or UTIMCO's assessment of the current value of remaining investments as of December 31, 2002 adjusted for subsequent cash flows through February 28, 2003.

²IRR, or Internal Rate of Return is an annual return on a partnership investment calculated by a complex mathematical formula which considers the timing and size of irregular flows of capital invested and returned to UTIMCO and the General Partner's or UTIMCO's assessment of the value of the remaining investments. Returns for periods of less than one year are not annualized. IRR's based on capital invested and returned to UTIMCO through February 28, 2003 and the General Partners' or UTIMCO's assessment of the current value of remaining investments as of December 31, 2002.

³The investment period for this fund has not yet commenced.

WARNING: Due to a number of factors, including most importantly a lack of valuation standards in the private equity industry, differences in the pace of investments across partnerships and the understatement of returns in the early years of a partnership life, the IRR information in this report DOES NOT accurately reflect the current or expected future returns of the partnerships. The IRRs SHOULD NOT be used to assess the investment success of a partnership or to compare returns across partnerships. The IRRs in the report were calculated by UTIMCO and HAVE NOT been approved by the individual general partners of the partnerships.

¹The General Partners' or UTIMCO's assessment of the current value of remaining investments as of December 31, 2002 adjusted for subsequent cash flows through February 28, 2003.

²IRR, or Internal Rate of Return is an annual return on a partnership investment calculated by a complex mathematical formula which considers the timing and size of irregular flows of capital invested and returned to UTIMCO and the General Partner's or UTIMCO's assessment of the value of the remaining investments. Returns for periods of less than one year are not annualized. IRR's based on capital invested and returned to UTIMCO through February 28, 2003 and the General Partners' or UTIMCO's assessment of the current value of remaining investments as of December 31, 2002.

³The investment period for this fund has not yet commenced.

WARNING: Due to a number of factors, including most importantly a lack of valuation standards in the private equity industry, differences in the pace of investments across partnerships and the understatement of returns in the early years of a partnership life, the IRR information in this report DOES NOT accurately reflect the current or expected future returns of the partnerships. The IRRs SHOULD NOT be used to assess the investment success of a partnership or to compare returns across partnerships. The IRRs in the report were calculated by UTIMCO and HAVE NOT been approved by the individual general partners of the partnerships.
